**WC Docket No. 07-38**

The FCC's Wireline Competition Bureau has published a state-specific list of the entities that filed broadband data in the Form 477 data collection conducted in March 2009, which collected information as of December 31, 2008. The current list identifies providers who made or updated filings through July 9, 2009, and this list may be updated from time to time.

The list is available at <http://www.fcc.gov/wcb/iatd/comp.html> in the subsection of the page that contains "Miscellaneous data from FCC Form 477." It may be also be found directly at STATEFILERS1208.XLS. In addition to the name of each filing entity, the list includes a corresponding FCC Registration Number (FRN), which is a 10-digit number that is assigned to a business or individual registering with the FCC. The search function of the FCC's Commission Registration System, available at <https://fjallfoss.fcc.gov/coresWeb/publicHome.do>, allows users to search for public FRN information by business name or FRN.

Facilities-based providers of broadband connections to end-user locations are required to file FCC Form 477 twice a year. More general information about Form 477 is available at <http://www.fcc.gov/form477/>.
